

PANEL DISCUSSION

Everything you always wanted to ask about robotics

Careers · The road ahead · AI in the loop
Hard-won lessons · PhD vs. \$\$\$ · Industry vs. academia
Foundation models vs classical robotics
LLMs writing papers · LLMs reviewing papers
Reproducibility · Defence funding and dual-use
Humanoids: future or theatre · Changing job market
Benchmarks vs. reality · Sim-to-real: tool or crutch
Burnout & sustainability · Picking collaborators
Accountability for robot failures · Mentorship
Big-idea vs. incremental · Keeping up with the firehose
Field deployment war stories · Hardware: worth it?
Open science vs. competitive advantage
